

*The 26th International Conference on
Electronics, Information, and Communication*

ICEIC 2027

January 24^(SUN) - 27^(WED), 2027

Hilton Fukuoka Sea Hawk, FUKUOKA, JAPAN

IMPORTANT DATES

Full-Paper Submission Begin:
September 10, 2026

Full-Paper Submission
Deadline:
October 16, 2026

Notification of Paper
Acceptance:
November 12, 2026

Camera-Ready Paper
Submission Deadline:
November 20, 2026

Registration Deadline:
December 21, 2026

Conference Date:
January 24 – 27, 2027

CALL FOR PAPERS

The 26th International Conference on Electronics, Information, and Communication (ICEIC 2027) will provide a forum for researchers, engineers, and professionals to expand their professional networks and discuss state-of-the-art developments in electronics, information, and communication.

ICEIC 2027 is expected to feature more than 400 oral and poster presentations. In addition, the conference will offer special sessions, plenary talks, keynote speeches, invited talks, and tutorials covering a broad spectrum of topics in electronics, information, and communication technologies.

TOPICS

Semiconductors and Devices

Analog/Digital Circuits & Systems, RF Integrated Circuits, Computer Aided Design & Modeling, SoC Design & Applications, Semiconductors, Materials and Components, Lightwave and Quantum Electronics, PCB & Packaging, Solar Cell & Semiconductor Devices

Computer and Information

Computer Systems & Applications, Software for Smart Systems, Human Computer Interaction (HCI), Convergence Computing, Multimedia, Graphics, Ubiquitous System, Information Security, Artificial Intelligence, Neural Networks, Machine Learning

Systems and Control

Vehicular Electronics, Instrumentation and Control, Power Electronics & Circuits

Signal Processing

Computer Vision, Digital Signal Processing, Digital Image/Video Processing, Audio, Speech & Acoustic Signal Processing

Communications

Communication & Information Theories, Communication Networks & Systems, Microwave & Optics, Switching and Routing, Microwave, Antennas and Propagation, Intelligent Transportation System (ITS), Wireless PAN/BAN, Future Networks

Emerging Technologies

Biomedical Electronics and Bioengineering, Bio-electronics, IT Convergence, Renewable Energy, Car & Aviation IT
